### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments are persuasive. Because Higashino's second layer 103 of varnish promotes rigidity (c.4, lines 63-67), it can be inferred that this second layer 103 is more rigid than the first layer 102 of epoxy and hence has a larger modulus of elasticity. In contrast, applicant's first electrically-insulating layer has a larger modulus of elasticity than the second electrically-insulating layer, as claimed in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Burton S. Mullins whose telephone number is 571-272-2029. The examiner can normally be reached on Monday-Friday, 9 am to 5 pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Darren Schuberg can be reached on 571-272-2044. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
